

Mohamed Al-Ajily

Bachelor of Computer Applications

I am a passionate recent graduate with Permanent residence permit. I graduated from Häme University of Applied Sciences (HAMK) with a GPA of 4, majoring in software development. I have studied very hard and I am looking forward to translating all the hard work, effort, and dedication I have put into studying into real results. In my spare time, I enjoy going for a walk, reading, training, socialising, and streaming.
